I SEEK A DRAW – THE PERFECT CRICKET SCORES

- 1** Read each question and create the balance scale equation to ensure the scores after two innings are equal.

- (a) What does Australia need to make in its second innings after scoring 292 in the first if England scored 331 and 226?

- (b) What does India need to make in its second innings after scoring 211 in the first if New Zealand scored 287 and 252?

- (c) What does Australia need to make in its second innings after scoring 188 in the first if England scored 141 and 366?

- (d) What does India need to make in its second innings after scoring 383 in the first if New Zealand scored 331 and 196?

- (e) What does Australia need to make in its second innings after scoring 314 in the first if England scored 283 and 355?

- (f) What does India need to make in its second innings after scoring 456 in the first if New Zealand scored 291 and 346?

- (g) What does Australia need to make in its second innings after scoring 401 in the first if England scored 431 and 316?

- (h) What does India need to make in its second innings after scoring 299 in the first if New Zealand scored 377 and 186?

- (i) What does Australia need to make in its second innings after scoring 116 in the first if England scored 155 and 319?

- (j) What does India need to make in its second innings after scoring 343 in the first if New Zealand scored 401 and 216?

- (k) What does Australia need to make in its second innings after scoring 411 in the first if England scored 519 and 126?

- (l) What does India need to make in its second innings after scoring 318 in the first if New Zealand scored 271 and 346?

ARE ALL THE PAIRS EQUAL? I DON'T THINK SO!

	bicycle track
	camping ground
	lake
	houses
	shop
	lighthouse
	hills
	river
	boats

- (a) Where will you find the lighthouse?
- (b) Give the two coordinates for the lakes.
- (c) At what three locations would you find a shop?
- (d) Write the coordinates where the bicycle track starts and ends .
- (e) What will you find at C6?
- (f) What is the coordinate for the swimming beach on the east coast?
- (g) What coordinates does the river run through?
- (h) What would you find at A1?

2. Add each of these to the map. Draw a symbol and write a coordinate.

- (a) cave
- (b) waterfall
- (c) toilet block
