The end of the book part Two

Were you surprised by the ending?

How did they think Zoe reacted to the news of her baby brother?

What does that tell us about Zoe's character?

Is that how you think you would have reacted?

With whose eyes did you see the story?

Did you only see what one character in the story saw, or did you see things one character saw them and sometimes as another and so on?

When you were reading the story, did you feel it was happening now?

Or did you feel it was happening in the past and being remembered?

Can you tell me anything in the writing that made you feel like that?

Which character interested you the most?

-Is that character the most important in the story/ or is it really about someone else?

Which character(s) didn't you like?

Did any of the characters remind you of people you know?

Or remind you of characters in other books?
