Crafts

We **recommend** just putting the term 'Caribbean craft for kid's into the **Pinterest search bar** for lots of creative craft ideas.

Alternatively just a general Google search. Look at these '**Fruit Fans**' we found. One thing the Caribbean has in great supply is tropical fruit! Many of these items can now be found in England's major supermarkets and **cultural food stores**.

After making the fans with your children-how about rewarding them with a slice of the actual fruit as a **healthy snack**.

Don't forget to send us your photos-we would love to see what creative ideas you come up with.
