

Howard Primary School

Wednesday 6th September 2023

Dear Parents and Carers,

We feel very happy to inform you that our classes will be starting their Science Learning this year with an exciting trip to the **Royal Observatory in Greenwich** on **Monday 18th September 2023 (London Street Bridge Class)** and on **Tuesday 19th September 2023 (Cannon Street Bridge Class)**. As our first Science topic explores “Space”, we will be visiting the Planetarium Show “Universe on our doorstep” and then participate in the workshop “Sun, Earth and Moon”.

Using public transport, we will **leave the school promptly** after the morning register and **return to school for 16:15**. Your child will then be **dismissed** from the **usual pick-up point** (playground outside Cannon Street Bridge Class). Children in on-site after-school clubs will be accompanied there by one of our team.

While the travel is free, the interactive Science activities require a contribution of only **£4.80** per child. Therefore, please pay the required £4.80 via **ParentPay** on or before Tuesday 12th September 2023.

All children are required to **wear full school uniform** since we will be representing Howard Primary School. Please also supply your child with a **light raincoat, suitable shoes** (the walk from Greenwich Railway Station to the Observatory is a good 25 min walk), **a snack and a healthy, nutritious packed lunch**. These items can be carried in the children’s school bag or a lunch bag. Please do not send your child with a plastic carrier/shopping bag. If your child receives income/benefits-related school meals, they will receive a packed lunch from school.

If you have any further questions, please do not hesitate to speak to one of our team.

Many thanks,

Miss Winsor

Mr Grundey
